Dear Lorain County Residents:

The Lorain County Sheriff's Office Drug Task Force along with participating Lorain County police departments and Drug Awareness & Prevention, Inc. will be offering another prescription drug turn in program. This will give you the opportunity to safely dispose of any outdated or unwanted prescription medicines.

The program will be held on Saturday, May 8th from 9:00am – 3:00pm. Please do not bring anything prior to that date or times.

We feel that programs such as this greatly lessen the chances of these medications being illegally diverted or entering the water supply.

This program is completely confidential. NO PERSONAL INFORMATION WILL BE ASKED. Please remove all prescription labels before arriving. All medications will be collected and held only by law enforcement officers until they can be safely disposed of.
